Notice: Revision of Cash Dividend Forecast for the Fiscal Year Ending March 31, 2025

SCREEN Holdings hereby announces the revision of cash dividend forecast for the fiscal year ending March 31, 2025, following the resolution at the Board of Directors meeting held on July 26, 2024, as follows.

I. Reason for revising cash dividend forecast

The SCREEN Group maintains the basic policy to provide a consolidated dividend payout ratio of 30% or above, with an eye on the need to secure the retained earnings necessary for growth investment and maintain a sound financial base to respond to future changes in the business environment.

Considering the above policy and the latest consolidated earnings forecast, we will revise the cash dividend forecast initially announced on May 9, 2024.

II. Revised cash dividend forecast

Record Date	Cash Dividend per Share (JPY)		
	2 nd Quarter-end	Fiscal Year-end	Total

Note: The Company implemented a stock split of common stock in the ratio of 1 share into 2 shares on October 1, 2023. For the previous fiscal year ended March 31, 2024, the second quarter-end dividend is recorded on a pre-split basis, while the year-end dividend is recorded on a post-split basis. The total annual dividend for the previous fiscal year is not shown since it cannot be simply summed up due to the stock split. Calculated on a post-split basis, the total annual dividend for the previous fiscal year would be JPY 223.50 per share.
